Flying Club celebrates 60th year with future aviators

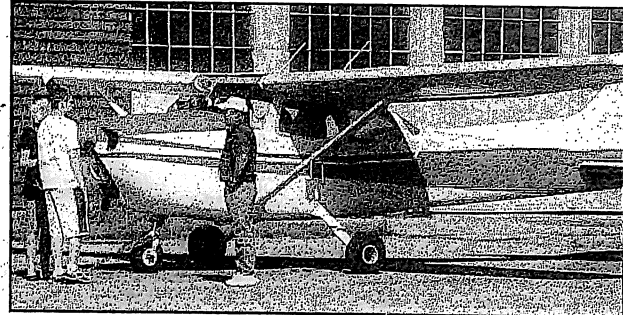

The August cloudless sky, warm weather and CAVU conditions greeted the kids, their parents and Flying Club members as they pose for a pre-flight photo.

Members of the Prince Edward Flying Club hosted the COPA for Kids Program on August 24, 2013, and what better way to mark the club's 60 years of history than by pointing 21 potential new, young aviators skyward.

Thanks to Scott and Janet DeMille, Glen and Sandra Campbell, George Frederick, Dave Main, and Jackie and Jeff Douglass for organizing and piloting this event.

Pilots included; Scott DeMille, C-FDNA, Cessna 172; Robbin Humphreys, CF-XMF, Cessna 150J; Jim Duffin, C-FYEG, Citabria and Wayne Kimmet, C-FPRE, Taylorcraft.
